

Dear Henney

I prefer to buy dairy products from cows not treated with rBGH. Without a national policy or rBGH labeling it is impossible for me to make an informed choice.

I urge you to adopt definitive national guidelines regarding rBGH labeling.

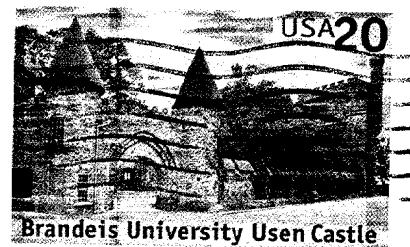

P.S. I had to stop using a local dairy because they stopped using "rBGH" or "rKwood" on their milk. Thank you! Mrs. Marietta Couture
One of their employees told me they pulled them and explained their public about their use. 21 Wildwood DR.
